

COP26 Gender Day Showcase

SDDirect are delighted to be showcasing our expertise in gender and social inclusion within climate action today at the UK Presidency Pavilion in Glasgow.

Our section of the video shares key messages on how decision makers can support climate action and promote gender equality and social inclusion. It also shows some of our work on climate justice and adolescent girls, disability inclusion, gender-based violence and women's economic empowerment.

[You can watch the video on YouTube here.](#)
